#### Notes on standard woodgrain directions:

- The one-piece vertical front on the desk of the unit will display the woodgrain running horizontally (except 60")
- On other vertical surfaces, the woodgrain runs vertically
- Worksurface woodgrain on desk runs left-to-right
- The return worksurface grain direction coordinates with the desk surface, running from user's side to the approach side
- Transaction counter woodgrain runs the same direction as the worksurface woodgrain
